

## PROJECT X

### **ROCK AND ROLL GIRL:**

**Description:** Physically fit. Looks like the drummer type. She is our leader of the garage band. She's dead serious about her music but has comedic ridiculous moments. Confident, sharp, physically expressive. Direct eye contact and precise reactions. Speaks about tempo like it's a religion. Corrects people mid-sentence. If the boys spiral, she tightens the beat, shutting them down with a look. She's the type to speak in prog metaphors - "Life is in 7/8." "You wouldn't understand the modulation."

Strong physical comedy is essential.

**Wardrobe:** Rock and roll style.

**Slate:** First name, last name. City.

**Remember this video will be aired in a stadium that seats 50,000+ people. Your reactions cannot be small.**
