

PROJECT HAIR TRIMMER

CASTING A MALE BARBER

Client is casting New York talent only!

Description: Cool, street style vibe, tattoos are okay, social media experience is a plus but not mandatory

Social media experience is a plus but not mandatory!

Talent does not have to be a professional hair stylist

Slate: First name, last name. City.

THE SELF TAPE:

Improv in the following scene as though you are doing a hair tutorial for your social media:

You're a barber and you're doing a tutorial video for your social media. You're a confident, well-reputable barber! Tell us about the products and techniques you love to use on your clients.

You wrap your video by showing us your client's final look.

Deliver your reactions naturally. Avoid scripted and 'infomercial-y' reactions.
